Modern Frontiers in MPS Diagnostics

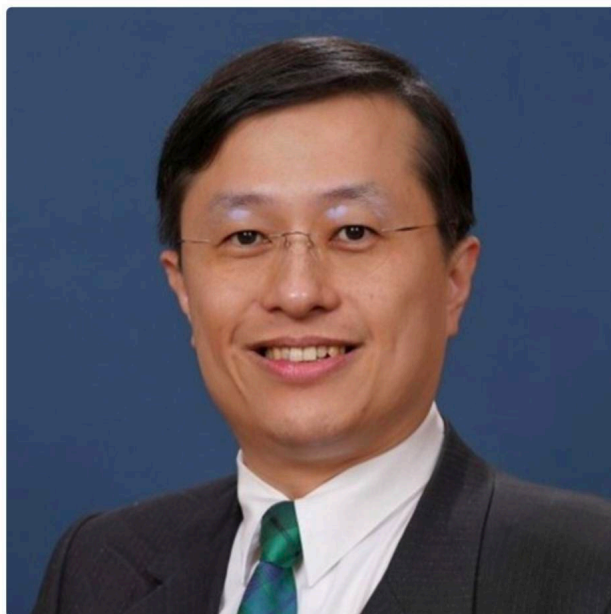

From Newborn Screening to Digital Phenotyping

Hsiang-Yu Lin, MD, PhD

1/58

Lin Hsiang-Yu, MD, PhD

林翔宇教授

SCIENTIFIC PROGRAM

THURSDAY, JUNE 4TH

TIME	SESSION	SPEAKERS
9:00am – 1:00pm	Registration Open	
11:00am-1:00 pm	Light Buffet and transfer to congress venue	
1:00pm-2:00pm	Opening Address and Welcome	City of Florence, Tuscany Region, Local authorities and EU
2:00pm-2:45pm	Opening Address	Kim Angel, Maurizio Scarpa, Flavio Bertoglio
2:45pm-3:15pm	Back 20 Years, Looking to Next 20: A Vision for the MPS Community	Joseph Muenzer, MD, PhD
3:15pm-3:45pm	Progress in curing patients: reflecting on 20 years of breakthroughs Improvements in Patient Care and Management Impact of Clinical Trials on Treatment Outcomes	Patty Dickson, MD
3:45pm-4:15pm	Networking Break	
4:15pm-5:00pm	Plenary Session 1: Scientific Discoveries 1. Genetics and pathophysiology of MPS disorders 2. Advancements in diagnostic technologies 3. Open issue on therapeutic approaches for MPS	1. Roberto Giugliani, MD, PhD 2. Hsiang-Yu Lin 3. Simon Jones, MD

1

5:00pm-5:30pm	Keynote presentation: Progress in curing patients: reflecting on 20 years of breakthroughs Improvements in Patient Care and Management Impact of Clinical Trials on Treatment Outcomes Challenges and Solutions in Patient Access to Therapies	Paul Harmatz, MD
6:00pm-8:30pm	Get Together Networking Event	

FRIDAY, JUNE 5TH

TIME	SESSION	SPEAKERS
7:30am-8:30am	Sponsored Workshop	
8:30am-10:00am	TOPIC: "Screening 2030 and Beyond: The Evolving Landscape of MPS and related Diseases Newborn Detection"	Moderators: Giancarlo La Marca & Mireia del Toro
8:30am-9:00am	Keynote Lecture: Newborn Screening for LSDs: past experience to draft future	Alberto Burlina
9:00am-10:00am	Panel Discussion	Barbara Burton, MD, Paul Harmatz, MD, Robert Giugliani, MD, PhD, Michael Gelb, Joseph Muenzer, MD, PhD, Maria Fueller, John Mitchell, Hsiang-Yu Lin
